

Global Blockchain Show 2025 to Spotlight Web3 Innovation in Abu Dhabi

ABU DHABI, UNITED ARAB EMIRATES, October 15, 2025 /EINPresswire.com/ -- [The Global Blockchain Show](#) 2025 will take place at the prestigious Space42 Arena in Abu Dhabi from December 10–11, 2025, bringing together the world's top Web3 and blockchain specialists. Considered one of the leading conferences for decentralised innovation globally, the event will showcase creative ideas, stimulating conversations, and revolutionary solutions driving the next wave of digital transformation.

Supported by the [Abu Dhabi Convention & Exhibition Bureau](#) and arranged in association with [Times of Blockchain](#), the Global Blockchain Show enhances the UAE's reputation as a world hub for blockchain innovation and quality.

This year's schedule is packed with high-level discussions, technical courses, and well-selected networking opportunities. The agenda includes in-depth discussions of tokenisation, DeFi, digital assets, Web3 gaming, AI-blockchain convergence, enterprise blockchain adoption, and regulatory clarity. The program's objective is to create a collaborative setting where policymakers, startups, investors, and entrepreneurs can exchange ideas and create new growth opportunities.

The pace is being accelerated by the speaker schedule, which features some of the most prominent names in the industry.

One of the exceptional speakers scheduled for this year's event is Yat Siu, a visionary entrepreneur and co-founder of Animoca Brands, a world leader in intellectual property rights

for gaming and the open metaverse. Siu has been instrumental in encouraging the broad use of NFTs and blockchain-based gaming.

Sergej Kunz, co-founder of the popular decentralised exchange (DEX) aggregator 1inch Network, has made significant progress in DeFi by providing customers with safe and effective ways to exchange digital assets.

Akshat Vaidya, a managing partner and co-founder, oversees Maelstrom's venture, liquid, and buyout investment deal strategy. Akshat brings a wealth of strategic investment experience to the table, having led M&A at BitMEX and carried out leveraged buyouts at Granite Creek Capital Partners. He has established himself in the blockchain investment community since graduating from the Wharton School.

Andy Tang, the managing partner of Draper Dragon, has over 20 years of experience in venture capital. Tang has seeded more than 15 unicorn companies in the domains of software, blockchain, fintech, AI, and healthcare. His insightful observations and venture capital experience have made him a respected voice in the global innovation ecosystem.

Tether co-founder and stablecoin pioneer Reeve Collins. To bridge the gap between fiat and blockchain, Collins, a seasoned businessman, developed Tether, one of the most innovative digital assets ever. Currently, he is in charge of projects like TreasuryX, WeFi, and SuperSol that are pushing the boundaries of Web3 adoption.

"The Global Blockchain Show is proud to have played a part in Abu Dhabi's rapid ascent to prominence as a leading centre for Web3 innovation. This year's event will highlight technology while also highlighting the crucial collaborations that drive real adoption and impact," stated Vishal Parmar, VAP Group's Founder and CEO.

The exhibit depicts the UAE's growing status as a global hub for blockchain innovation and is set against the technologically sophisticated backdrop of Abu Dhabi.

Early-bird pricing is offered for a limited period, and tickets are now available. Sign Up Now (https://www.globalblockchainshow.com/abudhabi/tickets/?utm_source=Press+Release&utm_medium=BTC+Wire)

About the Global Blockchain Show

The Global Blockchain Show is one of the most significant international gatherings dedicated to the future of decentralised technology. It brings together regulators, investors, entrepreneurs, and industry leaders to shape the narrative of blockchain adoption across industries.

The Global Blockchain Show 2025 is anticipated to draw thousands of attendees, making it a historic event that will influence the relationships, discussions, and tactics that will shape the

blockchain landscape for years to come.
