ASAKUSA, TAITO-KU, TOKYO, JAPAN, October 22, 2025 /EINPresswire.com/ -- Prime 1 Studio proudly announces the upcoming release of Evangelion Mark.06, a new addition to the "Concept by Josh Nizzi" series. This project represents a collaboration between Prime 1 Studio and concept designer Josh Nizzi, known for his work on numerous Hollywood productions. The piece reinterprets the Evangelion unit from "Rebuild of Evangelion" through Nizzi's distinctive design approach.

Ultimate Diorama Masterline Evangelion
EVANGELION Mark.06 (Concept by Josh Nizzi)

The statue captures Evangelion Mark.06 in a calm yet powerful descent over a ruined city. Its design features a complex, layered structure that emphasizes the mechanical and humanoid aspects of the Evangelion unit. The color scheme combines metallic navy tones with orange accents, expressing both technological realism and visual depth.

In its hand, the figure holds the redesigned Spear of Cassius, produced with translucent red components to highlight its detailed modeling. The statue also includes several display features: a light-up crimson visor powered by an internal LED unit and a removable halo for flexible presentation options.

The bonus version includes additional swappable parts, allowing display with or without the head armor.
