

VitalPBX to Exhibit at ITEXPO Florida 2026

Company to showcase VitalPBX, February 10-12, 2026 at the Newly-Renovated and Expanded Fort Lauderdale/Broward County Convention Center

MIAMI, FL, UNITED STATES, October 15, 2025 /EINPresswire.com/ -- [VitalPBX](#), announced today that it will be showcasing its [PBX](#) software solution at [ITEXPO](#), held February 10-12, 2026 at the shiny new Broward County Convention Center in Fort Lauderdale, Florida.

ITEXPO is the communications and digital transformation event where influential buyers gather to make purchase decisions and prepare their companies for the Autonomous Enterprise. Meet the VitalPBX team at ITEXPO at booth #950 to learn more about VitalPBX's strategy for AI communication, their newest version and industry solutions for VoIP.

“

At ITEXPO 2026, we'll showcase how our unified platform merges telephony, analytics, and AI to create a communications foundation that's both intelligent and future-proof.”

Rodrigo Cuadra, VitalPBX CEO

For more than 20 years, executives, technology buyers, sellers, resellers and manufacturers from companies of all sizes and industries assemble at ITEXPO to forge new business partnerships, collaborate and learn together and from one another. Dozens of conferences sessions, keynotes and panels will be focused on helping attendees move their businesses forward.

“VitalPBX was built to give businesses control of their communications stack — without sacrificing innovation, scalability, or user experience,” said Rodrigo Cuadra, CEO at VitalPBX. “At ITEXPO 2026, we'll showcase how our unified platform merges telephony, analytics, and AI to create a communications foundation that's both intelligent and future-proof. Whether you're an MSP, call center, or global enterprise, VitalPBX delivers the tools you need to compete and scale in 2026 and beyond.”

VitalPBX Core – A Modern Unified Communications Platform

At the heart of VitalPBX's presence is its flagship PBX Unified Communications suite, engineered to serve enterprises, MSPs, and carriers. The platform combines multi-tenant architecture, unlimited extensions, end-to-end encryption, and intelligent routing — all within an intuitive, web-based interface.

VitalPBX Core integrates natively with CRM systems, VoIP devices, and external APIs, offering a fully modular foundation for modern communications. It delivers flexibility across on-premises, virtual, and cloud environments, giving organizations complete control over deployment strategy and ownership of their data. Learn more at vitalpbx.com.
