

LuggageToShip.com Expands ‘Travel and Pay’ Platform to Simplify Global Travel

AI-driven platform delivers Expedia-style convenience and Uber-like mobility for travelers shipping luggage worldwide.

SAN FRANCISCO, CA, UNITED STATES, October 16, 2025 /EINPresswire.com/ -- LuggageToShip.com, the award-winning Silicon Valley-based AI-powered travel platform, announces the launch of its next-generation global shipping and mobility marketplace — a platform that lets travelers, students, and businesses ship luggage and goods anywhere with instant zip-to-zip quotes, AI-optimized routing, and seamless payment.

The new release positions LuggageToShip.com as a travel-tech platform that brings “Expedia-style convenience to shipping” — helping travelers book the best carrier, rate, and route in seconds — and delivers “Uber-like mobility” by moving belongings ahead of travel with a single tap.

“LuggageToShip.com exists to make travel lighter and smarter,” said Mike Ulker, CEO. “Our platform connects major carriers, compares every route, and delivers every bag safely — from your door to anywhere in the world. If Expedia books your flight and Uber gets you there, LuggageToShip.com ships your luggage ahead.”

Why This Matters

Travel is evolving faster than infrastructure. Flight cancellations, baggage delays, and logistics bottlenecks have become common pain points for travelers worldwide. At the same time, global events — from the Olympics and FIFA World Cup to Super Bowl and ski season rushes — create

The image displays the LuggageToShip.com mobile application interface. At the top, the text "We Ship Worldwide" is prominently featured. Below this, the app's main menu includes categories: "Luggage" (with a suitcase icon), "Boxes" (with a stack of boxes icon), "Golf Bags" (with a golf bag icon), and "Skis & Snowboards" (with a ski and snowboard icon). The central part of the screen shows a shipping form with fields for "From:" (United States (USA)), "To:" (United States (USA)), "Shipping Date:" (Select date), and "Select item(s):". Below the form, there are three options for luggage size: "Small Luggage" (22" x 15" x 11", 25 lbs / 11 kg), "Medium Luggage" (28" x 18" x 11", 35 lbs / 16 kg), and "Standard Luggage" (30" x 19" x 12", 50 lbs / 23 kg). Each option has a corresponding icon and a "Size Details" link. At the bottom, there is a "Chat with us" button. The LuggageToShip.com logo and tagline "WORLDWIDE LUGGAGE SHIPPING" are in the top right corner. The website URL "www.LuggageToShip.com" is displayed at the bottom of the app interface.
