

Aouball by Zhongshan Aouball Electric Appliances Wins Gold in A' Home Appliances Design Awards

Innovative Multi-Function Cooking Device Recognized for Excellence in Design and Functionality

COMO, CO, ITALY, October 16, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [home appliance](#) design, has announced [Zhongshan Aouball Electric Appliances](#) as a winner in the Home Appliances Design category for their innovative product, Aouball. This prestigious recognition highlights the exceptional design and functionality of the Aouball, which supports multiple cooking methods and offers a comprehensive, efficient solution for modern users.

The Aouball's win at the A' Home Appliances [Design Awards](#) is significant not only for Zhongshan Aouball Electric Appliances but also for the home appliance industry as a whole. This recognition showcases the device's alignment with current trends and needs, such as the demand for versatile, space-saving appliances that cater to diverse cooking preferences. By receiving this award, the Aouball sets a new standard for innovation and user-centric design in the industry.

What sets the Aouball apart is its unique U-shaped base, which allows users to quickly switch between cooking modes by simply flipping the top module vertically 180 degrees. Despite having only a single heating module, the device enables 3D hot air circulation and uniform temperature distribution, ensuring even cooking results. The Aouball's versatility, supporting air frying, roasting, baking, shallow frying, stir frying, steaming, and boiling, makes it a standout product in the market.

About Zhongshan Aouball Electric Appliances

Zhongshan Aouball Electric Appliances Co., Ltd, founded in 2010, is a high-tech enterprise located in Zhongshan City, Guangdong Province, China. With an R&D center staffed by over 30 experienced engineers, Aouball has obtained numerous patents and design awards. The company is dedicated to the research, development, production, and sales of high-end small home appliances, aiming to become a benchmarking enterprise in the field.

About Golden A' Design Award

The Golden A' Design Award is a prestigious recognition granted to designs that demonstrate exceptional innovation, skill, and impact within the Home Appliances Design category. Winners are selected through a rigorous blind peer-review process by an expert jury panel, based on pre-established evaluation criteria. The award serves as a benchmark for excellence, encouraging further innovation and inspiring future generations of designers to create products that benefit society and advance the boundaries of design and technology.

About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing and promoting superior products and projects across various industries since 2008. With a mission to make the world a better place through the power of good design, the A' Design Award motivates designers and brands to develop innovative solutions that positively impact the global community. By showcasing these pioneering designs on an international stage and celebrating the creative minds behind them, the A' Design Award drives forward a cycle of inspiration and advancement in the world of design.
