

Triangledex by Industrial Design College Wins Silver in A' Street and City Furniture Design Awards

Innovative Bus Stop Design Recognized for Excellence in Street Furniture Category

COMO, CO, ITALY, October 17, 2025 /EINPresswire.com/ -- The A' Design Award, a highly prestigious and well-recognized award in the field of [street furniture](#) design, has announced [Industrial Design College](#) as a Silver winner in the Street and City Furniture Design category for their innovative work, "Triangledex." This recognition highlights the significance of the A' Street and City Furniture [Design Awards](#) within the industry, positioning it as a prestigious acknowledgement of exceptional design.

The Silver A' Design Award for Triangledex is particularly relevant to the Street Furniture industry and its stakeholders. The design aligns with current trends in smart city development and the integration of interactive elements in public spaces. By addressing limitations in existing bus stop systems, such as rigid information transmission and one-way interaction, Triangledex offers practical benefits for users and advances industry standards through its innovative approach.

Triangledex stands out in the market for its unique blend of deconstructivist aesthetics and functional enhancements. The design features a modified triangular form, achieved through nonlinear modeling, which lends a sporty and modern feel to the bus stop. The integration of interactive elements, such as intuitive information visualization, sets Triangledex apart from traditional bus stops. The use of frosted stainless steel and transparent solar panels strikes a balance between durability, sustainability, and aesthetic appeal.

The recognition bestowed upon Triangledex by the A' Street and City Furniture Design Awards serves as motivation for Industrial Design College to continue pushing the boundaries of design innovation. This achievement is expected to inspire future projects and explorations within the brand, fostering a culture of excellence and creativity. As a Silver winner, Triangledex has the potential to influence industry standards and contribute to the ongoing evolution of street furniture design.

Triangledex was designed by a talented team from Industrial Design College, including Du Heli, Shen Linchuan, Li Yuankai, Xue Bomu, and Wang Xi. Each team member contributed their expertise to the project, resulting in a cohesive and innovative design solution.
