Deerfield, IL October 17, 2025 - Justrite, a global leader in industrial safety solutions, proudly announces the launch of the Utili-Guard+™ Flammable Safety Cabinet. Designed for today's fast-paced and demanding work environments, the Utili-Guard+ Flammable Safety Cabinet redefines industry expectations by combining safety, exceptional organizational flexibility, and regulatory compliance in one innovative solution.

Enhanced Safety. Outstanding Organization. Total

flexibility.

The Utili-Guard+ Flammable Safety Cabinet is designed and engineered to offer outstanding protection and streamline workflow with its increased storage capacity.

Key features include:

- Offers up to 28% more storage capacity than standard cabinets.
- Maximized Interior Space: A four-inch deeper cabinet design accommodates door storage attachments without compromising the main storage capacity.
- Versatile Door Storage System: Customizable attachments allow for secure, door-mounted storage of aerosol cans, spray bottles, caulk tubes, and small canisters, keeping frequently used flammable liquids, visible and accessible.
- Advanced Safety and Compliance: The cabinet meets OSHA, NFPA, and IFC standards, is FM approved, and undergoes a rigorous 30-point quality checklist before shipping.
- Dual-Flame Arrestors: Two vents with built-in flame arresters at the top and bottom provide superior vapor ventilation.
- Leakproof 2" Containment Sump: Captures spills and leaks, meeting EPA requirements for hazardous liquid storage.

- Self-Closing, Soft-Close Doors: Concealed mechanisms ensure secure, obstruction-free closure every time.
- Flexible Installation and Productivity
- Multiple Base Options: Choose from tower, forklift, or standard self-leveling feet for easy mobility, cleaning, and adaptability to any workspace.
- Scalable for Any Operation: Available in 30, 45, and 90-gallon capacities to suit operations of any size.
- Enhanced Workflow Efficiency: Door-mounted storage reduces clutter, enhances access, and boosts productivity.
- Built for Durability and Longevity
- 18-Gauge Double-Wall Steel Construction: Provides robust fire resistance with a 1.5" insulating air space.
- Chemical-Resistant Powder-Coat Finish: Ensures long-term protection against corrosion and maintains a high-gloss appearance.
- Fully Welded Construction: Guarantees structural integrity and compliance for years of reliable service.
- Made in the USA with high quality steel with tight tolerances to prevent air gaps.
- The New Benchmark in Flammable Storage

"The Utili-Guard+ Flammable Safety Cabinet is more than just a safety cabinet, it's a productivity tool that transforms how facilities store and access flammable materials," said David Harvey, VP, Engineering & Product Development. "By integrating advanced safety features with next-generation organization, we're helping our customers create safer, more efficient workplaces."
