

Travelay Launches 'Human-First Travel' Platform to Book Cheap Flights & Flight Deals with Zero Scams

Online travel agency Travelay debuts in the USA, pledging transparent flight booking, trusted travel deals, and protection against scam travel websites.

ATLANTA, GA, UNITED STATES, October 20, 2025 /EINPresswire.com/ -- In today's travel world,

“

Travelay was created to bring honesty back to travel. We're real people helping travelers book real flights, without hidden fees or scams.”

Premdeep Lotey, Founder & CEO of Travelay

booking a flight has become a gamble. Hidden fees, fake fare websites, unreachable call centers, and vanishing refunds have made travelers skeptical of every “cheap flight” they see online.

Travelay LLC says enough is enough. As one of the fastest-growing flight-booking platforms in the United States, Travelay is redefining how Americans [book cheap flights online](#) — with transparency, security, and genuine human support.

“We started Travelay because travel lost its honesty,” says Premdeep Lotey, Founder & CEO of Travelay.

“People are tired of fine print and bots. They want real humans who care — and that’s what we offer.”

The Problem Travelers Face

Thousands search daily for “book cheap flights,” “flight deals USA,” or “trusted travel agency.” Many land on deceptive sites that lure them with teaser prices, inflate fares at checkout, or disappear after payment.

High-intent keywords like “cheap flights online,” “book flights USA,” and “flight booking site” are among the most searched — and the most abused by scam sites. Travelers lose money and confidence every day.

Travelay was built to change that. Its purpose is simple: make travel exciting again, not risky.

The Travelay Difference: Real Flights. Real People. Real Honesty.

1. Transparent pricing — no hidden surprises

Every fare on FlyTravelay.com includes taxes and fees upfront. No inflated “service charges.” What you see is what you pay.

2. 24/7 human support — not bots

Trained agents answer calls around the clock. From booking a domestic flight to refunds or last-minute flight changes, help is always one call away.

3. Secure, verified bookings

Payments run through PCI DSS Level 3-compliant systems, and tickets come directly from verified airline databases and global distribution partners.

Using high-value keywords like “book cheap flights,” “[trusted online travel agency](#),” and “flight deals USA,” Travelay aligns its mission with what travelers search for most.

Restoring Trust, One Booking at a Time

The Travelay Trust Pledge promises transparent fares, real humans, and accountability. If an issue arises, Travelay’s U.S. team resolves it directly — no bots, no loops.

“When you call us, you’re not a ticket number,” Lotey says.

“You’re a traveler we take care of — the way travel was meant to be.”

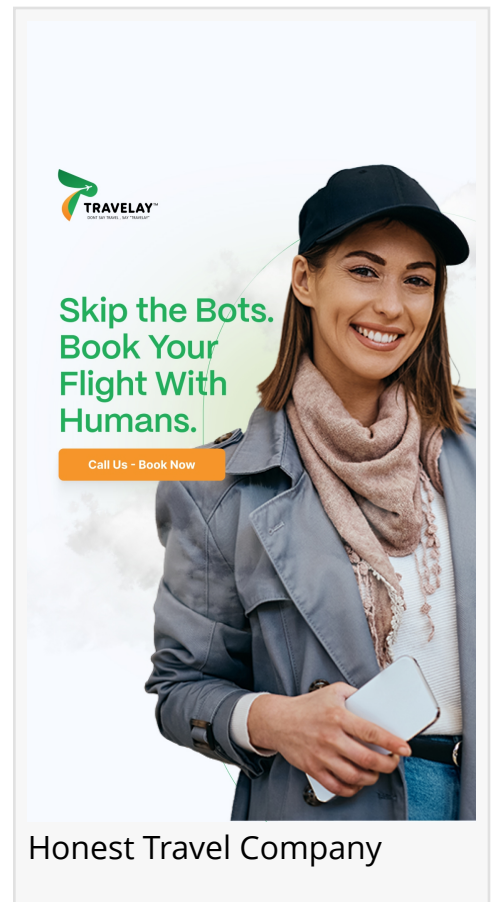

Travelay also publishes a monthly Trust Report detailing response times, refunds, and customer satisfaction — rare openness in online travel.

#TravelTruth: A Movement for Safer Travel

Travelay’s #TravelTruth campaign educates travelers on how to spot fake travel websites, compare prices safely, and verify agencies before paying.

Its blog features quick guides like:

How to Spot a Fake Flight Deal in 60 Seconds
