

Kandima Maldives Launches Night Karting and VR Gaming Experiences for Enhanced After-Hours Entertainment

MALDIVES, October 23, 2025

/EINPresswire.com/ -- [Kandima Maldives](#) has expanded its evening entertainment offerings with a new series of after-dark experiences at [Fast Track](#), the Maldives' first professional-grade electric go-kart circuit, and [PlaySpace](#), an indoor venue featuring virtual reality gaming, themed escape rooms, and the country's only bowling alley.

Fast Track: Night Racing Under the Stars

Set against the island's oceanfront, Fast Track spans 500 metres, making it the longest and fastest asphalt go-kart circuit in the Maldives. The track features 12 turns and Blue Shock Race (BSR) electric karts that can reach speeds of up to 80 km/h.

After dark, the circuit transforms under stadium-style floodlights into an illuminated racing arena. Guests can take part in Grand Prix-style competitions or test their skills against the 38.033-second lap record set by Formula 2 Champion Theo Pourchaire earlier this year.
