

Prototek Welcomes Julius Palmer as the General Manager of Prototek Concord.

Prototek announces the appointment of Julius Palmer to GM of Prototek Concord, he will oversee all sheet metal and machining operations in New Hampshire.

CONCORD, NH, UNITED STATES, October 21, 2025 /EINPresswire.com/ -- Prototek, a nationwide leader in digital manufacturing services, is proud to announce the appointment of Julius Palmer as General Manager of Prototek Concord. In this leadership role, Julius will oversee all operations at the New Hampshire locations, including the sheet metal fabrication facility and the CNC machine shop.

Julius will be responsible for managing daily operations, production, and staff to ensure efficiency, quality, and profitability. His responsibilities will include overseeing production schedules, supervising staff, maintaining equipment, enforcing safety protocols, and handling administrative tasks such as inventory management, budgeting, and quality control to meet business objectives and client expectations.

areas of metal manufacturing, Julius has a proven track record of transforming both innovative metal production processes and established legacy manufacturers. He believes that the success of any organization hinges on its people, emphasizing the cultivation of talent and fostering collaboration to drive exceptional results.

"I am honored to join such a talented team. The breadth of talent among the members of this team is impressive, and I look forward to building the Prototek of the future, where we will be the first choice for anyone seeking the service solutions we provide," stated Julius Palmer, General

Manager of Prototek Concord. "Our future is limited only by our imagination, and this organization is always considering what lies beyond the horizon."

This change is part of a larger initiative to support Prototek's growth and enhance innovation at our sheet metal and machining facilities in New Hampshire, while also increasing overall company profitability.
