"I feel cared for in a comprehensive way. I am not sure how to put this more succinctly. The whole-body health approach combined with the attention for my concerns are setting the bar for future of America's heartbeat. This is happening now at Holistique. I am so happy to be accepted as a new patient! The Ozone treatment worked as described. The staff are professional and friendly. The environment is calm and inviting."

"Holistique Medical Center & IV lounge is one of the most incredible medical centers & experiences I have ever had. The environment is extremely calm, relaxing, and clean - and the staff is exceptional! They are extremely knowledgeable, they are always quick to respond, they are so kind and personable, and they truly go above and beyond for their clients.

I have been getting the Beauty Bliss IV with glutathione to prepare for my wedding in September. I had originally planned on doing some of the IV treatments in preparation for the big day, but I have had such an amazing experience, that I know I will continue to go for IV treatments, as well as to meet with their doctor.

I have had an amazing experience with Tamara Dawson, specifically. She couldn't be nicer, she always remembers who you are, and she is extremely knowledgeable about absolutely everything regarding Holistique Medical Center and wellness as a whole. She speaks so highly of Dr. Darvish, so I purchased her book and can't wait to read it and continue on my wellness journey at Holistique Medical Center! I could not speak more highly of Holistique!"

"Dr Darvish, and really the entire team at Holistique, are completely professional, dedicated to their patient's' health, and truly wonderful to their patience and relatives. They listen really well, and go the extra mile to make sure you're informed, comfortable, and getting the exact healthcare you need!"

"Holistique Medical Center is truly amazing! The team is warm, knowledgeable, and takes the time to understand your health concerns. I've had such a positive experience with their treatments and feel more balanced and healthier overall. If you're looking for compassionate

care that works, I highly recommend Holistique!"
