Holland & Holland Range Rover Edition Sketch

Two great purveyors of British luxury are reunited for a very special limited edition: the Holland & Holland Edition by Overfinch.

“

It's an honour to be a part of the team that brings together the Overfinch and Holland & Holland brands – and to help create this extraordinary conversion of the latest Range Rover.”

Michael van der Sande

To be revealed in London in November, the Holland & Holland Edition by Overfinch is a celebration of luxury, heritage and artistry, based on the latest Range Rover LWB (long wheel base). Strictly limited to 25 individually numbered vehicles, this is the flagship in a new series planned from the collaboration, available globally for the most discerning collectors and field sports aficionados.

A leading luxury and collector car specialist, former Jaguar Land Rover Special Vehicle Operations Managing Director,

Michael van der Sande, consulted on this unique project in his ongoing role as special advisor to Overfinch.

Michael van der Sande said: "It's an honour to be a part of the team that brings together the Overfinch and Holland & Holland brands – and to help create this extraordinary conversion of the latest Range Rover. I've admired the Holland & Holland specials through the years, and this new edition by Overfinch has all the hallmarks to elevate the vehicle's luxury and tactility to a level not seen before. I'm confident the Holland & Holland Edition by Overfinch will become a true collector's piece, bringing pride and joy to its owners all over the world."

Created in-house by Overfinch's specialist team in close collaboration with Holland & Holland, this new collector's edition defines a new standard in British automotive craft and is described as the most luxurious Range Rover ever built.

Further details will be revealed at an exclusive launch event in London next month.
