

ASPIS Cyber Technologies announces former COMCAST executive Rose Roth as new Chief Operating Officer

Seasoned Telecom and Technology Executive to Lead ASPIS Cyber's Next Phase of Operational Excellence and Global Expansion

NEW YORK, NY, UNITED STATES, October 21, 2025 /EINPresswire.com/ -- [ASPIS Cyber Technologies](#), a global cloud-based AI cybersecurity company operating patented military-grade secure communications solutions and AI detection and protection solutions, announced today that Rose Roth has been appointed as Chief Operating Officer.

Prior to joining ASPIS Cyber, Ms. Roth held senior operational executive roles at Comcast Business (NASDAQ: CMCSA), where she led the company's national service delivery organization and directed operations for a multi-billion-dollar division with more than 1,100 employees. She has also held leadership roles with Level 3 Communications (NYSE: LVL3) and XO Communications (NASDAQ: XOHO), managing enterprise customer operations, complex network implementations, and large-scale service initiatives.

“

The Company is thrilled to have Rose as ASPIS Cyber's new COO and embark on a new chapter of growth and operational leadership”

Shimon Zigdon

“Rose is a seasoned and proven leader with unique proven record of operational team leadership, build out and

success. Rose, a U.S. military veteran with more than 20 years of experience in the technology and telecommunications sectors, brings deep expertise in leading large-scale operational transformations, service delivery, and customer success initiatives across Fortune 500 organizations”, stated Shimon Zigdon, ASPIS Chief Executive Officer.

As Chief Operating Officer, Ms. Roth will oversee ASPIS Cyber's global operations, organizational scalability, and delivery frameworks to ensure disciplined execution and service excellence

across all regions. Her leadership will focus on strengthening operational governance, integrating cross-functional processes, and ensuring the company's continued success as it expands into new markets across North America, Latin America, and Europe.

[About Aspis Cyber Technologies INC.](#)

ASPIS Cyber is redefining the future of digital defense with a mission to protect enterprises and government agencies from the most advanced and evolving cyber threats. Our unified solutions portfolio delivers comprehensive protection across communications, mobile, endpoint, cloud, and application environments, creating a resilient shield across the entire threat landscape. Through cutting-edge innovation, AI-driven defense, and zero trust architecture, ASPIS Cyber enables organizations to anticipate, prevent, and respond to attacks with precision and speed. Enterprise- and defense-ready by design, our technologies combine secure communications, mobile threat defense, and compliance-ready intelligence to ensure operational continuity, regulatory alignment, and true cyber resilience in an era where threats evolve faster than ever.

Headquartered in New York, and international offices in Tel Aviv, São Paulo, Toronto, Boca Raton, and Mexico City.
