

SYNTHOGY RELEASES IVORY 3 LE UPRIGHTS: ACCLAIMED MODERN AND VINTAGE UPRIGHTS NOW AVAILABLE ON THE IVORY 3 PLATFORM

Two Iconic Uprights Reimagined For The Award-Winning, Next-Gen Ivory 3 Engine

BOSTON, MA, UNITED STATES, October 21, 2025 /EINPresswire.com/ -- [Synthogy](https://www.synthogy.com), the leading developer of award-winning virtual piano instruments, is proud to announce the release of [Ivory 3 LE Uprights](#) – Modern & Vintage. Following the success of Ivory 3 American Concert D and Ivory 3 German D, this new “Legacy Edition” expands the next-generation Ivory 3 platform with two of Synthogy’s most beloved Upright Pianos.

Two Iconic Uprights, Reimagined
Ivory 3 LE Uprights features re-imagined libraries of two classic uprights. The Modern Upright captures the unmistakable tone of the Yamaha U5, long favored by players and producers for its rich, full bodied sound and natural presence in a mix.

The Vintage Upright recreates the warmth and character of a restored 1914 Hume Upright—an American classic from the golden age of piano building. Every detail was meticulously sampled to preserve the authenticity, soul, and timeless charm that only an instrument of this vintage can provide.

Powered by the Ivory 3 Engine

Both instruments are brought to life through the power of Synthogy’s groundbreaking Ivory 3 engine. At its core is the award-winning RGB engine, featuring Continuous Velocity for seamless timbral transitions across every keystroke—a unique technology that delivers the expressive feel of modeling while retaining the depth and realism of sampled instruments.
