Concept’s platform in the Eurasia region, covering Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Uzbekistan, Turkmenistan, Tajikistan, Ukraine and Moldova.

This collaboration represents a major step in 31 Concept’s international expansion, ensuring that enterprises, telecom providers, and government clients across Eurasia gain direct access to its innovative platform, supported by Techpro DC’s robust regional distribution network and expertise.

Driving Innovation in Eurasia

With a proven track record as a trusted IT distributor since 2013, Techpro DC brings a portfolio of global vendors, a dealer network of over 300 partners, and established logistics infrastructure across Azerbaijan, Georgia, Kazakhstan and Uzbekistan. This makes Techpro DC the ideal partner to accelerate adoption of 31 Concept’s solutions in fast-growing Eurasian markets.

“Partnering with Techpro DC is a natural step for us,” said Misha Hanin, Co-Founder & CEO of 31 Concept. “Eurasia is one of the most strategically important regions for digital transformation, and Techpro DC’s reach, professionalism, and reputation ensure our platform will be delivered with excellence to clients who need it most.”

Shared Vision

Both companies share a commitment to trust, transparency, and long-term value creation. By combining 31 Concept's advanced technology with Techpro DC's local knowledge and distribution strength, this partnership will empower regional businesses and institutions with new capabilities in network intelligence, security, and operational performance.

A spokesperson for Techpro DC added:

"We are proud to become the main distributor for 31 Concept in Eurasia. This partnership allows us to bring state-of-the-art technology to our markets and deliver real value to our partners and clients."
