

Call Sheet Media Acquires Edward Prince's Identity-Driven Drama 'New to Me'

Call Sheet Media acquires Edward Prince's thought-provoking drama New to Me, exploring identity, family, and fate.

HOLLYWOOD, CA, UNITED STATES, October 22, 2025 /EINPresswire.com/ -- [Call Sheet Media](#) is proud to announce the acquisition of *New to Me*, an original screenplay written by acclaimed screenwriter and television creator Edward Prince. The emotionally charged drama examines identity, belonging, and the unexpected ties that bind families together in a story that challenges the very definition of what it means to be connected.

The film follows Brandon, a reclusive millennial whose life takes a surreal turn after he meets Jonah, a younger version of himself. What begins as a strange coincidence unravels into a mystery of genetic and emotional proportions, as a DNA test reveals that the two men are identical twins born decades apart through IVF. *New to Me* is a psychological and emotional journey through the labyrinth of memory, family, and self-discovery.

With the witty and heartfelt tagline "Who says family has to be familiar?", Prince's screenplay blends mystery, science, and deeply human drama into a genre-defying story that resonates across generations.

Edward Prince is an American screenwriter and television show creator whose distinctive voice and narrative authenticity stem from his unique upbringing. The son of a retired military veteran, Prince experienced a nomadic childhood, living in various states and cultures that shaped his keen observational insight. Initially pursuing art, he later rediscovered his passion for writing thanks to the encouragement of a high school English teacher. Today, he channels those early lessons into stories that explore human connection, identity, and the emotional undercurrents of family life.

A devoted husband and father of four, Prince infuses his scripts with compassion and humor drawn from real-world experience. His latest project, *New to Me*, continues his exploration of the modern family—its evolving forms, hidden truths, and unbreakable bonds.
