

# CMG Expands Product Range with Open Top Containers for Oversized Cargo Handling

*CMG Containers launches Open Top Containers — perfect for loading oversized, heavy, or irregular cargo with easy top access.*

FORT LAUDERDALE, FL, UNITED STATES, October 22, 2025 /EINPresswire.com/ --

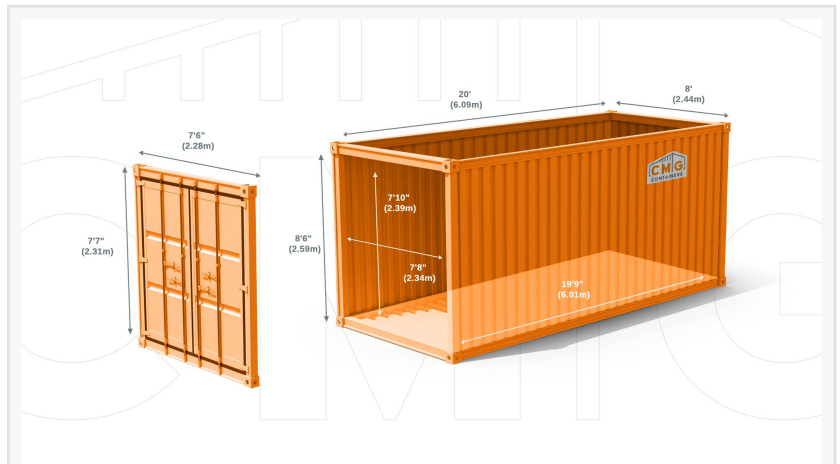

CMG Containers, a leading U.S.-based provider of modular and shipping container solutions, has introduced its latest addition — Open Top Containers, designed specifically for oversized, heavy, and irregularly shaped cargo. These containers allow for top-loading access, enabling effortless handling of materials that cannot be loaded through standard container doors.

Built from premium corten steel and engineered for durability, CMG's Open Top Containers offer a secure and flexible solution for industries such as construction, mining, manufacturing, and global logistics, where top-access loading is essential for operational efficiency.

## Enhancing Cargo Handling with Top-Loading Flexibility

When it comes to transporting bulky machinery, building materials, or irregular equipment, traditional containers often fall short. CMG's Open Top Containers address this challenge through a removable tarpaulin roof and reinforced top frame, allowing cranes or forklifts to load
