

Calla Medspa Introduces the Matrix® Skin Renewal Platform: A Revolutionary Approach to Skin Health

Calla Medspa launches the Candela Matrix® Skin Renewal Platform - an

advanced, all-in-one system redefining non-surgical skin rejuvenation for all ages.

SOUTHAVEN, MS, UNITED STATES, October 22, 2025 /EINPresswire.com/ -- [Calla Medspa](#) is proud

“

We are excited to offer Matrix Pro RF Microneedling & Sublative treatments at Calla Medspa... aligns with our mission: treating the whole person by enhancing both inner confidence and outer radiance.”

Stefanie Williams, Registered Nurse at Calla Medspa

to announce the addition of the [Candela Matrix® platform](#) to its comprehensive suite of aesthetic services. This groundbreaking system is redefining the future of non-surgical skin renewal with science-backed technology designed to meet the evolving skin needs of patients across all ages and skin tones.

More than just RF microneedling, the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one system is built to deliver personalized treatments across multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each

pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers Calla Medspa to achieve visible, natural-looking outcomes with greater confidence in every treatment.

Using three complementary technologies, the Matrix® platform allows Calla Medspa to treat diverse skin concerns across all skin layers with one treatment name, The Matrix Treatment:

- RF Microneedling: Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction, skin tightening, and volume restoration.
- Fractional Resurfacing & Ablation: Improves texture and tone by delivering fractionated bipolar RF energy to resurface skin and reduce fine lines and wrinkles.
- Bulk Heating: Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient

system—boosting patient satisfaction and practice performance.

What Makes Matrix® Different?

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

- Customized treatments for all skin tones and types
- Visible results with minimal downtime
- Consistent and predictable energy delivery

The Matrix® platform offers preventive care for younger skin, restorative treatments for midlife concerns, and collagen-boosting renewal for more mature skin.
