

URAWA GARDEN BLDG. by Nobuaki Miyashita Wins Silver in A' Architecture Awards

Nobuaki Miyashita's URAWA GARDEN BLDG. Recognized for Excellence in Architecture, Building and Structure Design

COMO, CO, ITALY, October 23, 2025 /EINPresswire.com/ -- The highly respected A' Design Award has announced [Nobuaki Miyashita](#) as a Silver Winner in the [Architecture, Building and Structure Design](#) category for the innovative URAWA GARDEN BLDG. This prestigious recognition highlights the significance of the design within the architecture industry, positioning it as a notable example of excellence and innovation in the field.

The URAWA GARDEN BLDG. showcases the potential for office spaces to seamlessly integrate with public areas, enhancing urban connectivity and community engagement. By aligning with current trends in sustainable, user-centric design, this project demonstrates its relevance to the evolving needs of the architecture industry and its stakeholders.

Nobuaki Miyashita's award-winning design stands out for its unique approach to blending historical influences with contemporary functionality. The strategic placement of a through passage and open plazas strengthens the connection between office spaces and the urban fabric, while the floating glass cube facade creates a dynamic interplay of transparency and solid mass, reflecting the city's transformation.

The Silver A' Design Award serves as a motivator for Nobuaki Miyashita and the Mr Studio team to continue pushing the boundaries of architecture, exploring innovative ways to integrate commercial functions with public accessibility. This recognition may inspire future projects that

URAWA GARDEN BLDG.

prioritize urban flow, inclusivity, and community engagement.

About Garden Group

Garden Group is a leading Japanese leisure and amusement company headquartered in Urawa, Saitama, primarily operating pachinko halls while expanding into real estate and hospitality. With a strong focus on customer satisfaction, digital transformation, and sustainable urban development, the company leverages AI-driven data analysis and modern facility designs to optimize user experiences and operational efficiency. The Urawa Garden Building exemplifies Garden Group's commitment to integrating public spaces with commercial functions to enhance local connectivity.

About Mr Studio

Mr Studio is an architectural firm based in Japan that designs various types of buildings, including residential homes, commercial facilities, hotels, offices, factories, and schools. The studio aims to provide distinctive added value to spaces, architecture, and landscapes through concept making that reveals the potential needs and identity of projects, along with innovative design. Mr Studio's field spans a variety of building types, ranging from interior design to large-scale urban development, with a focus on interpreting the unique context of each site to create site-specific architecture.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that embody excellence and innovation in the field of Architecture, Building and Structure Design. Recipients are acknowledged for their contributions to raising industry standards and advancing design practices through their highly functional and aesthetically pleasing creations. The award's rigorous selection process involves blind peer review by an expert jury panel, evaluating entries based on criteria such as innovative use of space, structural integrity, environmental impact, social relevance, and design originality.

About A' Design Award

The A' Design Award is a highly esteemed international design competition that recognizes superior products and projects across all industries. With a mission to make the world a better place through the power of good design, the award motivates designers and brands to develop innovative solutions that positively impact society. Now in its 17th year, the A' Design Award attracts entries from star architects, engineering firms, leading construction companies, and influential brands worldwide. By participating, entrants gain global recognition and contribute to advancing the architecture and design fields.
