

Hatch Homes Achieves Andersen Windows Premier Certified Contractor Status in Winston-Salem, NC

Hatch Homes, now recognized as an Andersen Premier Certified Contractor in Asheville, delivers expert installation of Andersen 100, 400, E-, & A-Series windows.

WINSTON-SALEM, NC, UNITED STATES, October 24, 2025 /EINPresswire.com/ -- [Hatch Homes](#), a leading exterior remodeling company serving homeowners throughout the Carolinas, announced that it has earned its [Andersen Windows Premier Certified Contractor](#) designation, a top recognition awarded to contractors who meet Andersen's highest standards for installation quality, product knowledge, and customer service.

This certification positions Hatch Homes among the most qualified Andersen installers in the region and highlights its commitment to delivering industry-leading home improvement solutions. As a Premier Certified Contractor, Hatch Homes now offers Andersen's full range of window products — including the 100 Series, 400 Series, E-Series, and A-Series — all installed by Andersen-trained professionals.

To achieve this elite status, members of the Hatch Homes team, including owner Bill Gayler, project managers, and project consultants, traveled to Andersen's headquarters in Bayport, Minnesota, for hands-on training and plant tours. The team participated in in-depth sessions with Andersen product specialists and installation experts, gaining firsthand knowledge of the manufacturing process and the engineering precision behind each window. The experience provided insight into advanced installation techniques, energy efficiency innovations, and design

A Charlotte, NC home featuring Andersen 100 Series windows and James Hardie fiber-cement siding installed by Hatch Homes. The combination of durable composite windows and low-maintenance siding gives this home a modern look, lasting performance, and enhan

customization — all applied directly to projects throughout the Carolinas.

“Andersen’s Premier Certified Contractors represent the highest level of expertise and service in the window replacement industry,” said Bill Gayler, President of Hatch Homes. “We’re proud to bring this standard of quality to homeowners across the region. This certification reflects our dedication to craftsmanship, training, and delivering the best solutions for energy efficiency, durability, and design.”

Hatch Homes’ certification allows homeowners to benefit from Andersen’s proven product performance and extended warranty coverage. From the 100 Series’ Fibrex® composite frames to the 400 Series’ classic wood interiors, as well as the architectural customization of the E-Series and A-Series, Hatch Homes delivers tailored solutions that balance aesthetics, performance, and longevity.

“

Our team’s hands-on experience with Andersen’s products and manufacturing process gives us unmatched confidence in every window we install.”

Bill Gayler

As a locally owned company, Hatch Homes has proudly served Winston-Salem and surrounding North Carolina communities for years, offering exterior remodeling services including siding replacement, roofing, windows, doors, and decking. Earning [Andersen’s Premier Certified Contractor](#) status further strengthens Hatch Homes’ reputation as Winston-Salem’s trusted source for full-home exterior upgrades and premium window installations.
