

Sun City Aviation Academy Earns FAA Part 141 Certification, Strengthening Flight Training Opportunities in South Florida

FAA grants Sun City Aviation Academy Part 141 certification, marking a new milestone in professional pilot training for South Florida students.

PEMBROKE PINES, FL, UNITED STATES, January 1, 2026 /EINPresswire.com/ -- Sun City Aviation Academy, a leading flight training provider based at North Perry Airport (KHWO), proudly announces it is now an approved Part 141 Flight School that has earned official certification from the Federal Aviation Administration (FAA) qualified to teach Part 141 private, instrument and commercial courses*, a significant milestone that elevates the academy's ability to deliver structured, high-quality aviation training across South Florida.

“

Achieving our Part 141 certification is a reflection of the dedication our entire team brings to aviation education every day”

Joe Cannizzaro, Director of Operations

The new FAA Part 141 certification* reflects Sun City's ongoing commitment to professional excellence, curriculum standardization, and safety. Under this designation, the academy will operate with FAA-approved training syllabi, stage checks, and continuous oversight, ensuring every student receives a consistent and efficient training experience.

“Achieving our Part 141 certification* is a reflection of the

dedication our entire team brings to aviation education every day,” said Joe Cannizzaro, Director of Operations at Sun City Aviation Academy. “This milestone enhances our ability to provide top-tier pilot training programs that meet the highest FAA standards while maintaining the supportive, student-focused culture that defines our academy.”
