

Central Mansion by Tianhua Architecture Wins Silver in A' Real Estate, Building and Construction Industry Awards

Tianhua Architecture's Innovative Residential Design Recognized for Excellence by Prestigious International Design Competition

COMO, CO, ITALY, October 24, 2025 /EINPresswire.com/ -- [Tianhua Architecture](#)'s residential project, Central Mansion, has been awarded the Silver A' [Design Award](#) in the Construction and [Real Estate](#) Projects Design category. The A' Design Award is a highly prestigious and well-recognized award in the field of real estate design, celebrating exceptional works that demonstrate innovation, functionality, and aesthetic appeal.

Central Mansion's award-winning design showcases Tianhua Architecture's commitment to creating residential communities that prioritize ecological sustainability, healthy living, and cultural heritage. The project's innovative approach to organizing community spaces and seamlessly integrating landscape and architecture aligns with the evolving needs and expectations of modern real estate development.

The design of Central Mansion draws inspiration from Hainan's iconic coconut trees, translating their form into architectural elements that complement the lush landscaping. The project's facade strategy emphasizes the expressway-fronting elevation, creating a striking urban landmark while maintaining a balance between residential privacy and public engagement. The development's comprehensive amenities and smart home technology elevate the living experience, setting a new standard for futuristic community living.

Central Mansion

Winning the Silver A' Design Award serves as a testament to Tianhua Architecture's dedication to pushing the boundaries of residential design. This recognition is expected to inspire the firm's future projects, encouraging further exploration of innovative design solutions that enhance the quality of life for residents while contributing positively to the urban fabric.

Central Mansion was designed by Chief Designers Wang Jing and Luo Lin of Tianhua Architecture.

About Tianhua Architecture

Founded in 1997, TIANHUA has accumulated many outstanding talents in the construction industry at home and abroad. It is one of the first Class A private architectural design companies in China, with qualifications in architectural engineering, urban and rural planning, and landscape architecture. With a focus on urban architecture and residential development, TIANHUA provides comprehensive and professional integrated solutions through a wide range of services, including planning, design, consulting, and advanced technologies.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that demonstrate excellence and innovation in the Construction and Real Estate Projects Design category. Recipients are selected based on criteria such as innovative use of space, sustainable design implementation, architectural excellence, integration with the surrounding environment, and functional efficiency. The award acknowledges the designer's skill in creating aesthetically appealing, versatile, and user-friendly spaces that adhere to safety standards and incorporate smart technologies. Winning the Silver A' Design Award is a significant achievement, showcasing the recipient's contribution to advancing industry standards and practices.

About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing and promoting superior products and projects across all industries since 2008. The award aims to showcase innovative designs that positively impact society and contribute to creating a better world. Entries are blind peer-reviewed and evaluated based on pre-established criteria by an expert jury panel comprising design professionals, industry experts, journalists, and academics. By participating in the A' Design Award, designers and brands have the opportunity to gain global recognition, enhance their status within competitive industries, and inspire others through their groundbreaking work.
