

Test Triangle Launches Comprehensive Staffing Solutions Services for the IT and Pharma Sector

Global IT services provider Test Triangle has announced the launch of its expanded Staffing Solutions, providing businesses with four flexible staffing models

DUBLIN, DUBLIN, IRELAND, October 24, 2025 /EINPresswire.com/ --

FOR IMMEDIATE RELEASE

Test Triangle Launches Comprehensive Staffing Solutions Service□Dublin, Ireland.

Test Triangle Launches Comprehensive Staffing Solutions Service

Test Triangle, a global IT services provider headquartered in Dublin, is pleased to announce the launch of its newly enhanced Staffing Solutions service offering. This expansion empowers enterprises and individuals alike with four tailored staffing models: contract staffing, remote/offshore staffing, managed-outsourcing recruiting, and permanent staffing placements.

[New Service Offerings:](#)

[Contract Staffing:](#)

Test Triangle now offers highly skilled IT professionals for temporary, project based engagements, enabling clients to ramp up quickly, cover skills gaps and meet time-sensitive demands.□

[Remote/Offshore Staffing:](#)

Leveraging its global talent pool, Test Triangle provides remote and offshore staffing solutions so organisations can scale efficiently, access specialised skills and optimise cost structures.

[Managed Outsourcing Recruiting Services:](#)

For companies seeking a more hands-off approach, Test Triangle offers end-to-end recruiting and staffing outsourcing: sourcing, onboarding, payroll, and ongoing management of talent.

Permanent Staffing Services:

In addition to temporary and outsourcing models, Test Triangle supports organisations in recruiting full time, permanent hires to build and strengthen their core teams.

Why Test Triangle? A Trusted Staffing & Tech Partner—Founded in 2012, Test Triangle has distinguished itself in the IT consulting and services sector—specialising in application testing, DevOps, RPA, mobile and custom software development, and advanced training. The company also serves a broad range of industries including banking & finance, healthcare, retail, IT and education. Test Triangle's staffing solutions are built on this strong foundation of technical expertise and global reach.

Key differentiators include:

- * Access to a global IT talent pool with strong technical depth (SAP, Java, .NET, Oracle, DevOps, Cloud, etc.) for enterprise-grade staffing.
- * Flexible engagement models: on-site, off-site, individual consultants or whole teams to meet varying business needs.
- * Competitive cost structures and reduced overhead (training, onboarding, visa, benefits) through remote/offshore models.
- * Strategic partnership mindset: candidates and clients are personally matched, with an emphasis on long-term value and rapid time-to-hire (often under two weeks) in the contract/remote model.

What This Means for Clients:

For enterprise clients, Test Triangle's enhanced service suite means greater agility and scalability in building and managing their IT workforce. Whether a company needs to ramp up quickly for a product launch, fill niche technical roles, outsource entire functions, or hire long-term strategic staff, Test Triangle's staffing solutions are designed to meet those needs.

"Today's IT landscape is evolving rapidly: companies must remain agile, cost efficient and staffed with the right talent," said Praveen Madire, CEO of Test Triangle. "With our comprehensive Staffing Solutions portfolio, covering contract, remote/offshore, managed outsourcing and permanent models, we are enabling clients to focus on their core business while we deliver the talent. Our deep experience in technology services gives us a unique lens to find the right people at the right time."

About Test Triangle—Test Triangle is a global IT services and staffing company headquartered in Dublin, Ireland, with offices in the UK, India and the US. Since its founding in 2012, the company has delivered services in software testing, DevOps, application development, IT consulting, training and resource augmentation.

Test Triangle's staffing services include contract, remote/offshore, managed outsourcing and permanent staffing models.
