Dental implant surgery may be considered a medical necessity, although not all insurance will cover it. Traumatic experiences to the mouth including disease, a car crash or accident involving a person's face could ruin healthy teeth. Broken and missing teeth can disrupt an individual's daily quality of life and health. In addition, a faulty smile may impact one's self-esteem, career, or even romantic relationships. The cost of dental implants can vary depending upon the amount of surgery required. Bay Area residents ready to learn about how to pay for dental implants can visit the clinic page at <https://www.sfdentalimplants.com/cost-of-dental-implants/>. Individuals are welcome to schedule a no-obligation consultation and assessment with Dr. Rabinovich.
