

Star Ready to Move Homes Stands Ready to Support Communities in Rebuilding after Saskatchewan Wildfires

Star Ready to Move Homes provides high-quality housing solutions for residents affected by recent wildfires in Saskatchewan.

WINNIPEG, MANITOBA, CANADA, October 25, 2025 /EINPresswire.com/ -- [Star Ready to Move Homes](#), a provider of ready-to-move housing solutions in Manitoba and Saskatchewan, offers support to communities working to rebuild after recent wildfires in Saskatchewan and surrounding areas. For residents facing the challenge of reconstructing their homes, the company provides customizable RTM homes designed to help families return to safe, comfortable living spaces.

The recent wildfires in Saskatchewan have created urgent housing needs for affected residents. Star Ready to Move Homes responds to this situation by offering fully customizable RTM home options, including houses, cottages, and garages, delivered across Manitoba and Saskatchewan. The company's established delivery network serves Regina, Saskatoon, and communities throughout both provinces.

"We understand that losing a home can be a devastating experience," said Mr. Jeff Meseman, Spokesperson for Star Ready to Move Homes. "We are here to support our communities in rebuilding after wildfires. Our ready-to-move homes offer a solution designed to bring comfort and safety back to families' lives."

Housing Solutions for Rebuilding Communities

Star Ready to Move Homes provides several options for residents seeking to rebuild:

- Fully customizable designs tailored to individual needs.
- Options for homes, cottages, garages, and storage sheds
- Guidance from experienced staff throughout the construction process
- Delivery services across Manitoba, Saskatchewan, and Northwestern Ontario

The company constructs homes in controlled facility conditions, which allows for predictable timelines and quality standards. This approach enables site preparation and home construction to occur simultaneously, potentially reducing the overall timeline for residents to move into their new homes.

Established Track Record in Manitoba and Saskatchewan

Star Ready to Move Homes has been providing RTM housing solutions in Manitoba and Saskatchewan for 30 years. The company is part of Star Building Materials, which has operated since 1952. Star Building Materials initially focused on sourcing lumber products before expanding into ready-to-move home construction approximately three decades ago.

Client feedback reflects experiences with the company's services. Eranio B. shared: "RTM Home. STAR did a wonderful job in our semi finished homestead. The craftsmanship is top of the line. Been a year since STAR delivered our home and although we are still working on it, STAR is still assisting us on trades people and giving us suggestions. Their responsibilities are done but yet they are so accommodating. Everybody at STAR are professionals. Would recommend them highly. Their list of trades people are also highly recommended (Interlaken Forms, Elite Plumbing, Martin Electric, Friesen Drillers and Daryl's Eavestrough). Thank you all for a wonderful job. ☐"

Tony F. noted: "Great product... price... and the staff are excellent... aim to please."

Kent R. stated: "Great home builder and great people to work with. I highly recommend them."

Current Promotions and Options

The company maintains seasonal promotions on ready-to-move homes, built-on-site homes, cottages, garages, and sheds. These offers change periodically and are available for limited timeframes. Interested residents can contact the company for current promotion details.

Available options include:

- Feature Home of the Month

- Stock Homes
- Built-On-Site Cottage Shells
- Garage packages (materials and built options)
- Outdoor storage sheds (built and material options)

Responding to Community Needs

The wildfires in Saskatchewan have impacted numerous families and created immediate housing challenges. Ready-to-move homes can provide an alternative for residents who need housing solutions with shorter construction timelines compared to traditional building methods.

Star Ready to Move Homes operates with an in-house design and drafting team that can modify existing RTM plans or create blueprints for new homes, cottages, or garages. The company's services extend to various housing needs, from primary residences to seasonal cottages and detached garages.

The company's delivery network covers both Manitoba and Saskatchewan, enabling placement of homes in rural and urban locations throughout the two provinces.

Residents affected by the Saskatchewan wildfires who are considering rebuilding options can contact Star Ready to Move Homes' sales team at +1 204-669-9200 or by email at [RTM\(at\)starbuilding\(dot\)ca](mailto:RTM(at)starbuilding(dot)ca).
