

Narconon Arrowhead Honors Red Ribbon Week 2025 by Empowering Oklahoma's Youth with Truth and Education About Drugs

Free educational booklets and outreach aim to help kids make informed, healthy choices

CANADIAN, OK, UNITED STATES, October 27, 2025 /EINPresswire.com/ -- [Narconon Arrowhead](#) Drug & Alcohol Rehabilitation Program is distributing [free drug-education and prevention booklets](#) to local residents, schools, and youth organizations throughout Oklahoma. The materials provide straightforward facts about drugs and their effects, encouraging young people to think critically and make informed choices.

The initiative honors [Red Ribbon Week](#) 2025 (October 23–31), the nation's oldest and largest drug-prevention campaign. This year's theme — "Life Is a Puzzle, Solve It Drug Free" — reminds families that knowledge, truth, and communication are key pieces in preventing substance misuse.

Red Ribbon Week began in 1985 following the tragic death of DEA Agent Enrique "Kiki" Camarena, whose life and service inspired millions to take a stand against drug misuse. Each October, schools, families, and organizations across America unite

Drugs What You Need To Know Booklet

Lifesaving Materials

under the red ribbon as a symbol of commitment to healthy, drug-free lifestyles.

“At Narconon Arrowhead, we believe the best way to honor Red Ribbon Week is through education,” said Brett Taylor, Executive Director of Narconon Arrowhead. “Our goal is to make sure every young person in our community has access to honest information about drugs and the support they need to make safe, confident decisions about their future.”

Throughout the week, Narconon Arrowhead will distribute free

informational booklets on drug use prevention and local recovery resources to schools, churches and communities. In addition, public service announcements will be provided to media outlets in Oklahoma, highlighting free drug information materials for parents, teachers, and students. Daily educational posts across social media platforms will extend the campaign, increasing

awareness of the facts about meth, fentanyl, marijuana, and alcohol while making free downloadable booklets available.
