What Makes This 944 Turbo Special

The 1989 model year represented the ultimate expression of the 944 Turbo, featuring a 2.5-liter turbocharged inline-four producing 247 horsepower and 258 pound-feet of torque. With its KKK K26 turbocharger, air-to-air intercooler, and Bosch Digital Motor Electronics, the car delivered 0-60 mph in just 5.5 seconds with a top speed of

162 mph—genuine supercar performance in a practical, reliable package.
