Partnership Creates Seamless, End-to-End
Service for U.S. Applicants*

STATE COLLEGE, PA, UNITED STATES, October 28, 2025 /EINPresswire.com/ -- Interest in dual citizenship has surged as Americans seek greater global mobility and heritage recognition. More than 150 million Americans trace their ancestry to Europe, and searches for “citizenship by descent” have risen over 60% since 2021, reflecting growing demand. As more Americans look to reconnect with their European roots, Apostille-USA and Atlantic Bridge are teaming up to make the path to dual citizenship easier than ever.

Apostille-USA, a leading provider of international document legalization services, today announced a strategic partnership with Atlantic Bridge, a leading European specialized consultancy in citizenship, immigration, and residency services. Together, they are launching a first-of-its-kind digital program to help Americans secure citizenship by descent in Portugal.

“

This partnership reinforces Apostille-USA as the trusted front door for Americans reclaiming their European citizenship.”
