

Serafim S3 Expands Availability on Amazon US After Successful Showcases at Gamescom and TwitchCon

Loved by players, creators, and critics, the S3 continues its streak with full availability online

SAN DIEGO, CA, UNITED STATES, October 28, 2025 /EINPresswire.com/ -- [Serafim](#) continues to redefine gaming control with the Serafim S3 Cloud Gaming Controller, now available on [Amazon US](#). Designed for seamless play across platforms, the S3 fuses comfort, precision, and innovation in one powerful device.

The S3 was designed to unify gaming across different ecosystems - supporting PlayStation, Xbox, Steam, Android, cloud services, and now fully MFi-certified for Apple devices. Whether on console, PC, or mobile, players can enjoy consistent performance without switching controllers.

Core features:

1. Interchangeable ergonomic grips for personalised comfort during long sessions
2. Drift-free Hall Effect joysticks and zero-deadzone triggers for increased accuracy
3. Durable, lightweight construction optimised for portability and extended use
4. These innovations make the S3 a go-to choice for gamers seeking a single controller that adapts to every play style and platform.

Following its showcases at Gamescom 2025 and TwitchCon San Diego 2025, the Serafim S3 received enthusiastic feedback from creators, media, and players alike. Its innovative design and
