/EINPresswire.com/ -- The D|VERSE Integrated Sink System featuring the XLERATORsync® Hand Dryer with Electrostatic HEPA (eHEPA®) Filtration has been recognized among the best products of 2024 in the Facility Maintenance Decisions (FMD) and Facility Cleaning Decisions (FCD) Readers' Choice Awards.

“

In today's facilities, sustainability and hygiene go hand in hand. The D|VERSE Sink System with XLERATORsync helps organizations meet both goals while delivering a modern, elevated user experience.”

William Gagnon, Executive Vice President and COO, Excel Dryer

This annual program honors products that demonstrate innovation and excellence in maintaining and improving the efficiency of institutional and commercial facilities across the United States.

A collaboration between [D|13 Group](#) and [Excel Dryer, Inc.](#), the D|VERSE Sink System combines a touchless soap dispenser, faucet and sink-mounted hand dryer into one sleek, integrated unit. The system's eHEPA filtration removes 99.999% of viruses, providing clean air and a more hygienic hand-drying experience. By containing all water in the basin, it also helps eliminate drips on floors and reduces maintenance needs.

The D|VERSE Sink System offers flexible design options, including various sink materials and finishes, allowing facilities to tailor the system to their aesthetic goals. By removing the need for paper towels, facilities can reduce their carbon footprint by up to 81% and achieve as much as 95% cost savings over time.
