"We've always believed golfers shouldn't have to choose between performance and peace of mind," said Kevin Johnston, CEO of Red Stakes Golf. "Our new 365-Day Guarantee gives players the opportunity to fully experience the RSG system before making a long-term commitment."

Under the new policy, customers can return any RSG Mobile or Golf In A Box bundle purchased through rsgolf.com within one year for a full refund. Johnston said the extended guarantee reflects the company's confidence in its products and its commitment to transparency.

"We build our simulators in Michigan because we value American quality and accountability," Johnston added. "Most companies offer 30 or 90 days. We offer a full year because true performance takes time to evaluate."

The RSG Mobile App, available on the App Store, converts an iPhone into a launch monitor that captures ball flight, club data, and video swing analysis. The app also includes 36 virtual courses, four practice ranges, and access to weekly competitions through the RSG Club.
