About NOLA Homeschoolers

NOLA Homeschoolers began as an online resource in April,

2010. Founder Ty Salvant found a website that showed how to write letters using a clock face and LOVED it. She bookmarked it to use for the following school year. August came and went and she couldn't find the site. After emailing everyone she knew, searching the computer for months, and painstakingly going through all of her bookmarks, in November, she found it! During that time, she wondered why there wasn't a website that housed websites that people wanted to access later. The same night she found [Phonogram Page](#), she created NOLA Homeschoolers. Over the years, the organization has evolved to meet the needs of area

homeschoolers. adding clubs, group subscriptions, field trips, a co-op, and a resource center.
