Medicare plans. In addition, Chiro One’s Stevens Point and La Crosse clinics will now accept BadgerCare (Wisconsin Medicaid). The expanded coverage improves access to quality chiropractic care for seniors and their families across the region, and provides a safe, pharmaceutical-free alternative for pain relief and mobility.

The acceptance of select Medicare plans will apply to patients at Chiro One’s clinics in Wisconsin, including their Brookfield, Chippewa Falls, Eau Claire, Germantown, Hales Corners, Hudson, La Crosse, Mt. Pleasant, Oak Creek, Pleasant Prairie, Stevens Point, Sun Prairie (opening

December 1, 2025), and Waukesha locations. Patients at the Stevens Point and La Crosse clinics can now also utilize their BadgerCare (WI Medicaid) coverage for chiropractic services.

This announcement follows the launch of Chiro One’s recently launched “[Save a Spine](#)” campaign which aims to educate communities on the importance of spinal health and preventative chiropractic care. Both initiatives reflect Chiro One’s mission: to build a network of clinics with exceptional teams who elevate treatment standards, empower everyone to achieve their mobility goals, and establish chiropractic care as a cornerstone of community wellness.

“At Chiro One, we believe that everyone deserves access to safe, effective, and affordable chiropractic care. Expanding access through Medicare brings us closer to that goal.” said Mark Lagerkvist D.C. (Senior Vice President Mid-West Mid-Atlantic Region) at Chiro One. “Our mission has always been to help patients feel better, function better, and live better. By accepting these plans, we’re removing barriers and ensuring more people can get the care they need.”
