

Statewise and Impruvon Health Announce Partnership to Deliver Medication Management Capabilities to Providers Nationwide

Statewise and Impruvon Health join forces to simplify medication management and enhance care coordination across Medicaid-funded programs.

FORT WORTH, TX, UNITED STATES, October 28, 2025 /EINPresswire.com/ -- [Statewise](#), a leading provider of all-in-one software for Medicaid-funded providers, today announced a strategic partnership with [Impruvon Health](#), the nation's leading clinical workflow and medication management solution.

Together, the two companies will introduce best in class pharmacy integration for providers using Statewise.

Through this collaboration, Statewise will receive real-time data from Impruvon Health, enabling providers to improve care coordination. Statewise customers will gain access to Impruvon Health's Medication Management Suite, which includes a robust Pharmacy Integration Engine connected to over 100 pharmacy systems nationally. This integration allows providers to manage medication administration, documentation, and communication seamlessly within their existing Statewise environment.

“

Together, Statewise and Impruvon Health are redefining how providers manage medications and streamline care coordination nationwide.”

Cole Ballweg, CEO of Statewise

“This partnership shows our commitment to supporting

providers with tools that make their work easier,” said Cole Ballweg, CEO of Statewise. “By bringing Impruvon Health's capabilities into the Statewise ecosystem, we're helping organizations

eliminate manual data entry, reduce risk, and focus more fully on the people they serve.”

“At Impruvon Health, we’re driven by a deeply personal mission to make care easier, safer, and smarter for those that need it most,” said Justin Amoyal, CEO and Founder of Impruvon Health. “Partnering with Statewise allows us to expand that impact.”

The Statewise–Impruvon Health integration will be available to Statewise customers starting January 2026. Providers can contact Statewise to learn more about custom pharmacy integration options.

About Statewise

Statewise is an [all-in-one software platform built for Medicaid-funded providers](#). It streamlines documentation, case management, payroll, billing, EVV, and compliance—helping organizations manage care with confidence and compassion.

About Impruvon Health

Founded in 2020, Impruvon Health is a care management platform specializing in medication management built to make care safer, smarter, and easier. Currently supporting federal, state, and commercial providers nationwide across the IDD, behavioral health, foster care, and senior living domains, Impruvon Health replaces outdated, high-risk processes with intuitive, one-step solutions that empower care teams and improve outcomes. Impruvon Health partners with states, pharmacies, providers, EHRs, and other tech solutions to deliver seamless, connected, documented care.
