Understanding Form 941 and Its Importance

Form 941 is required for employers to report federal income taxes, Social Security, and Medicare taxes withheld from employee wages, along with the employer's share of those taxes. Filing promptly ensures that payments are correctly credited and helps prevent costly penalties and interest.

For the third quarter (July 1 – September 30, 2025), filings must be received by October 31, 2025. Even if no tax is due, a zero return must still be filed.
