Every evening, beginning Saturday, November 15, 2025, through Sunday, January 11, 2026, the award-winning lights display features millions of twinkling white lights, illuminating the Nation's Oldest City from the building tops to the treetops. Nights of Lights is free and open to everyone, with no tickets required. It is not a drive-thru event; instead, it is best enjoyed by using the free park-and-ride shuttles and exploring the sights and festivities on foot or on a tour.

“

We pulled information to create the ultimate know-before-you-go tool for guests to have the best experience possible. The Nights of Lights app is like having a personal tour guide in your pocket.”

Susan Phillips, President and CEO, St. Johns County VCB

The most important thing to know is that Nights of Lights is best experienced by strolling through Historic Downtown. Using St. Augustine's free park-and-ride lots saves visitors from experiencing traffic congestion and the difficulty of finding a paid parking space. The app shows available park-and-ride shuttles, complete with directions to the lots, the ability to pin your parking location, interactive maps, and estimated shuttle times.

The free app also provides users with an updated list of events, restaurants, live music options, and activities. This weekend the App will add another new feature that includes public restroom

locations and 24/7 live camera streams featuring views of St. George St., the Castillo de San Marcos National Monument, the Bridge of Lions, and Anastasia Boulevard on the east side of the Bridge of Lions.

Planning ahead is the best way to ensure a stress-free experience.
