WISEOne™ delivers a complete solution designed specifically for the tire industry, addressing the unique challenges of inventory control, regulatory compliance, and operational efficiency. From barcode labeling to seamless ERP/POS integration, WISE empowers distributors to streamline operations and maintain full visibility of their warehouse.

## Key Features of WISEOne™:

- Custom Barcode Labels – Generate and print labels for non-barcoded tires, offshore suppliers, or missing labels upon receipt or in anticipation of orders.
- Effortless Cross-Referencing – Assign unlimited aliases to tires, simplifying SKU management and enabling easy cross-referencing between manufacturer and distributor codes.
- NAFTA Compliance – Automatically capture country of origin data to ensure compliance for international tire and wheel sales.
- Tire Aging Alerts – Prioritize older inventory with alerts that reduce waste and improve efficiency (developed with Toyo Tires in mind).
- Duplicate Barcode Labeling – Re-label missing, damaged, or incorrect barcodes to keep inventory accurate.

- Seamless Integration – Fully compatible with leading tire POS systems and major ERP platforms, including SAP, Oracle, JD Edwards, Lawson, SAGE, and Microsoft Dynamics NAV.

### Meet Our Experts at Booth #42083

Visitors to Booth #42083 will have the opportunity to consult directly with Royal 4 Systems experts, who will provide insights into how WISE can optimize their tire distribution operations. Live demonstrations will showcase how WISE integrates advanced warehouse functions—such as receiving, put-away, cross-docking, picking, and shipping—with specialized features designed for tire management.
