

Anjalts Reignites with 'Fire in the Rain' a Reflection on What Truly Matters

IXO MUSIC LAUNCHES ANJALTS NEW SINGLE REVEALING THE EMOTIONAL DEPTH OF AN ARTIST REDEFINING AUTHENTICITY IN MODERN ALTERNATIVE MUSIC

LOS ANGELES, CA, UNITED STATES,
October 30, 2025 /EINPresswire.com/ --

There is a quiet kind of evolution in songs that ask more questions than they answer. "Fire in the Rain" the new acoustic-driven single from

musician/producer Anjalts, unfolds like an intimate dialogue between heart and mind — a soulful reflection of resilience and truth. Written and produced entirely by Anjalts, the track continues her signature blend of cinematic synths, intricate guitars, and ambient textures, infused in most of her songs released so far from her third album, of 15 tracks total.

“

there are songs where you pause and let what's natural filter through”

Acen S - studio engineer

“The song's meditative tone starts right away as she plays the different sections of acoustic guitar parts and softly layered synths in the background—shifting pace as the track slows in certain passages,” explains Acen Sinclair, studio engineer at IXO Music, a small artist development label that has grown steadily alongside Anjalts’ [prolific](#)

[catalog](#). “During the recording process, there’s often an urge to punch up the levels, but then there are songs where you pause and let what’s natural filter through. Anjalts’ ethereal vocals flow so gracefully with each guitar line — in this rubato interplay of melody and emotion that feels completely organic,” Sinclair continues. “Her songwriting remains as unpredictable as it is refreshing, moving from a quieter atmospheric space that feels like a calm reset. Mixing this track was a unique challenge because of its deliberate off-counts and shifting transitions — and that’s what makes this contrasting narrative more vivid, especially in the chorus.”

“Don’t start the fire in the rain / Don’t cover away the pain / It doesn’t go away”

Anjalts shares her [inner secrets](#) with her listeners about confronting pain — to see it as part of the process of inner transformation.

When she sings: Someday you'll win it— it means who we become when we face what's inside. That's the true win."

As the eleventh track from her much-anticipated third album, arriving late November 2025, "Fire in the Rain" marks another step in Anjalts' evolution — an artist navigating through the noise by transcending genres, while staying true to her independent spirit. Having released two full scale albums with over two million streams and growing, her seamless fusion of emotion, melody, and atmosphere breathes freely in a soundscape that feels timeless and deeply human — a reflection she willingly shares with her fans through music.

"Fire in the Rain" will be available Friday, October 31, on all streaming platforms worldwide.
