"Arizona Picture Cars was created with a clear mission: to bring more film and television productions to Arizona by providing all the necessary picture car rental resources the industry needs to thrive here," said Rutledge. "With our extensive inventory and proven track record of Movie Car

The launch of Arizona Picture Cars comes at a pivotal time for the state's entertainment industry. The program provides refundable tax credits ranging from 15% to 20% based on production spending, with an additional 2.5% credit for hiring Arizona residents.

This competitive incentive structure positions Arizona to attract productions that might otherwise film in neighboring New Mexico or other states. The tax credit program runs through 2043, providing long-term stability for the industry's growth in the region.

Arizona Picture Cars offers a comprehensive fleet including:

- Police cars and emergency vehicles
- Classic and vintage automobiles
- Modern picture cars for contemporary productions
- Specialty vehicles for period pieces and unique productions
- Ambulances and fire trucks
