

Houzeo Highlights North Carolina's Top 10 Safest Places to Live, Helping Buyers Choose with Confidence

This ranking empowers homebuyers with trusted safety data to make informed decisions across North Carolina's growing cities.

CHARLOTTE, NC, UNITED STATES, November 1, 2025 /EINPresswire.com/ -- Houzeo, America's best home buying and selling website, is proud to announce the launch of its "Safest Places to Live" landing pages. The list highlights the top cities in North Carolina with the lowest violent and property crime rates, providing homebuyers with objective insights on their house-hunting journey.

The core strength of Houzeo's ranking methodology is its commitment to transparency. Unlike reports that rely on complex formulas, Houzeo uses only verified crime data from the Federal Bureau of Investigation's Uniform Crime Reporting (UCR) and the National Incident-Based Reporting System (NIBRS). Houzeo combines these critical metrics with user-generated feedback and trusted public data to create an all-encompassing view of each location's safety score.

As per Houzeo's data, Whispering Pines is the safest city in North Carolina, with a low crime rate of a safety score of 95 out of 100 and active community policing. Cities like Concord and Holly Springs offer both safety and affordability. Housing prices and property taxes here are lower than in major metros like Raleigh or Charlotte. They also have crime rates well below the national average. Here are the rankings of the [safest places to live in North Carolina](#).

The "Safest Places to Live" landing pages offer a comprehensive, data-backed analysis of safety levels in specific regions, helping potential buyers make informed decisions based on real-time data. By leveraging multiple data sources, including crime statistics, local government reports, and community safety surveys, Houzeo is able to offer homebuyers a reliable resource for evaluating the safety of different areas. This transparency allows homebuyers to make more educated decisions regarding their potential investments and the security of their new homes.
