Attorney Dennis M. Lynch

"This campaign is about advocating for working attorneys. I've experienced the struggle to balance caseloads with court demands, the challenge of keeping up with technology while managing a practice, and the difficulties of maintaining work-life balance in an increasingly demanding profession. I'm running because I know what you're going through, and I'm committed to making real changes that will improve the practice of law for all of us."

Among other notable accomplishments, Attorney Lynch has supported the expansion of technology on the Board of Governors, fought for legislation protecting injury victims, and addressed complaints from lawyers who were not protected by the statute of repose in a special committee.
