Laser Acupuncture Webinar by Dr. Bruce Berkowsky and PEMF-devices.com

In this 2-hour training seminar, Dr. Berkowsky will explore the science and application of high-power laser acupuncture and integration with his Natural Health Science System and Spiritual PhytoEssencing protocols.

The focus of the class will be on the home use of the [Hi-Tech AcuLaser Pro 500 Laser Acupuncture device](#) by PEMF-devices.com. This device has tremendous healing potential when applied skillfully. Dr. Berkowsky has developed some very unique, easy-to-do protocols wherein he has adapted aspects of his Natural Health Science System and Spiritual PhytoEssencing to this laser acupuncture device.

Natural Health Science System™ (NHSS)

NHSS is a dynamic system of health creation from a synthesis of the complementary aspects of traditional naturopathy, classical homeopathy, western science, traditional eastern healing arts and anthroposophical science. NHSS applies modern physiological and biochemical knowledge into a context that acknowledges the unity of human life with the fundamental elements and rhythms of nature.

Spiritual PhytoEssencing™ (SPE)

SPE employs individualized essential oil blends and homeopathic-style dilutions derived from

those blends to effect deep soul-level healing. SPE is based upon a synthesis of his experience using specific aspects of aromatherapy, herbal medicine and folklore, physiology, anthroposophical medicine, classical homeopathy, traditional Chinese medicine, depth psychology, color therapy, gemstone healing and the Kabbalah.

## Laser Acupuncture

Laser acupuncture represents a compelling convergence of traditional Chinese medicine (TCM) and cutting-edge photobiomodulation technology. Laser acupuncture successfully merges an ancient healing art with the principles of modern photobiology. It is not merely a "needle-less acupuncture" but a distinct modality with its own mechanism of action rooted in photobiomodulation at the cellular level. Laser acupuncture using the infrared spectrum is a valuable, non-invasive, evidence-based tool in modern integrative medicine. It has shown exceptional efficacy in pain management, neurology, heart health, mental health and more.

Acupuncturists, TCM doctors, homeopaths, naturopaths, massage therapists, body workers, physical therapists, nurses and indeed anyone who can appreciate the power of red light therapy will find this session to be packed with valuable resources.

## Registration

Sign up to receive Zoom invite to the webinar and the recorded seminar as well. The webinar is scheduled for 15th November 2025. Register before Midnight Pacific Time 2nd Nov 2025 for early bird discount. Members of the NHSS/SPE Annual Membership Program on Dr. Berkowsky's website will receive free access.
