Trusted Police Background Investigations

Over the course of the agreement, ProFirst completed 675 comprehensive Nevada POST-compliant background investigations, supporting LVMPD's efforts to process and evaluate thousands of police officer applicants. The project helped LVMPD streamline its hiring pipeline and efficiently advance qualified candidates through the background process—while enhancing quality and ensuring compliance.

“

The contract was initiated through the LVMPD Chief's Office at the request of the department's Chief Financial Officer as part of a cost-saving and efficiency initiative. By partnering with ProFirst, LVMPD reduced internal workload, improved turnaround times, and reallocated resources toward essential recruiting and community

engagement efforts.

All investigations were conducted in strict adherence to Nevada POST standards, and in full compliance with the Fair Credit Reporting Act (FCRA) and Americans with Disabilities Act (ADA Title VII).

To meet the demands of the project, ProFirst utilized its team of 38 certified police background investigators, supported by four managers and administrative staff, ensuring each case was handled with accuracy, professionalism, and integrity.
