

Lovell Government Services Recognized as 2025 Inc. Power Partner Award Winner

The annual list recognizes the leading B2B companies that have proven track records of supporting entrepreneurs and helping companies grow.

PENSACOLA, FL, UNITED STATES, November 4, 2025 /EINPresswire.com/ -- Lovell Government Services (Lovell), a Service-Disabled Veteran-Owned Small Business (SDVOSB) is proud to announce its recognition on the Inc. Power Partner Awards. The prestigious list honors B2B organizations that have proven track records supporting entrepreneurs and helping startups grow.

Companies on the Inc. Power Partner list received top marks from clients for being instrumental in helping leadership navigate the dynamic world of startups. These B2B partners support entrepreneurs across various facets of the business, including hiring, compliance, infrastructure development, cloud migration, fundraising, and more, allowing founders to focus on their core missions.

"The entrepreneurial journey and community are core to Inc.'s mission, and it's a true honor to celebrate this year's Inc. Power Partners — the companies dedicated to helping small businesses and entrepreneurs," says Bonny Ghosh, editorial director at Inc. "Whether they're coordinating complex marketing campaigns or reliably supporting the day-to-day infrastructure of growing companies, these honorees aren't simply B2B providers — they are true partners in helping businesses grow and succeed."

Lovell Government Services partners with manufacturers to streamline access to life-saving technologies for the Department of Veterans Affairs (VA), Department of Defense (DoD), Indian Health Service (IHS), and other federal healthcare systems. The company's mission is to make government procurement faster, easier, and more transparent—helping suppliers succeed in serving those who serve our nation.

This recognition from Inc. validates the trust our suppliers place in us and our shared commitment to supporting veterans and the healthcare professionals who care for them."
