

Bonjour Girls Unveils 2025 'Roses & Planets' — New York's Premier Women's Leadership Event Returns

New York Women Leaders to Explore "Inward Growth, Outward Exploration" at Annual Gathering in Manhattan

NEW YORK, NY, UNITED STATES, November 4, 2025 /EINPresswire.com/ -- [Bonjour Girls](#), New York's leading women's empowerment community, today announced its highly anticipated 2025 annual event, themed "Roses & Planets". Set to take place on November 15th in Lower Manhattan, the full-day gathering will bring together hundreds of professional women for an exploration of how to thrive amid rapid change while staying grounded in their personal values.

A New Framework for Modern Women

Building on the momentum of 2024's acclaimed "She Writes Her Own Chapter" initiative, this year's "Roses & Planets" theme offers a practical framework for navigating an era of unprecedented change. As AI reshapes industries, work models evolve, and professional boundaries blur, women need both the rose's inward power—resilience, self-acceptance, and authenticity—and the planet's outward capabilities—connection, adaptation, and continuous exploration.

"When the rose's roots encounter the planet's orbit, growth and exploration begin to resonate," explains the event philosophy. "We're not chasing a single definition of 'correct.' Instead, we're helping each woman build her own coordinates between reality and aspiration."

From Anxiety to Action

The event transforms abstract concerns about change into concrete, actionable experiments. Through keynote speeches, expert panels, small-group discussions, and structured networking, attendees will develop their own "growth navigation map" based on three pillars: values, capabilities, and networks.

"In an era where rules rewrite weekly and tools upgrade monthly, we're creating space for women to pause, reflect, and strategize," said Claire Bai, the president of Bonjour Girls. "This isn't about adding more to your to-do list—it's about helping you identify what truly matters and how to move forward with both gentleness and power."

The day-long event (1:00 PM - 6:15 PM) will feature:
