-- WORLD PREMIERE: "MOMS RISING"
NEW YORK

THE FILM PROVING MOTHERS DON'T
HAVE TO CHOOSE

This Revolutionary Documentary
Challenges the "Dreams vs.
Motherhood" Myth

This isn't just a movie premiere. It's a
battle cry for millions of mothers
worldwide who've been told they can't
have it all.

MOMS RISING, directed by acclaimed filmmaker Scott Cervine, will premiere at a black-tie red-carpet event that promises to ignite a global conversation about motherhood, ambition, and the false choices women are forced to make every day.

“

We have a powerful human
potential that has been
highly underestimated,”

Scott Cervine

“We have a powerful human potential that has been highly underestimated,” says director Scott Cervine.

“During times of uncertainty, when all are looking for a new answer - we find that the ‘mothering energy’, the ability to nurture and inspire can literally transform the world around us. Moms Rising is not just a title, it’s a vision of how we can harness the power of our own divine nature.”

THE STORY THAT NEEDS TO BE TOLD

Raw, honest, and beautifully shot, MOMS RISING takes audiences on a 90-minute journey through the real, unfiltered experiences of extraordinary women who refused to sacrifice their ambitions on the altar of motherhood. This isn't your typical "feel-good" documentary; it's a movement captured on film.

The documentary features an unprecedented lineup of visionary women, including:

- Marianne Williamson – Bestselling author, spiritual leader, and political trailblazer
- Dr Karen Weaver, Lousin Mehrabi, Amanda Kaufman, and Tiffani Higgins – Entrepreneurial powerhouses
- Plus international voices: Maria Campos, Yulin Lee, Laura Muirhead, Lerato Sithole, Maria Conceição, Allie Duzette, and Aashika Abraham

MORNING SHOW OPPORTUNITY

This premiere offers compelling visual content, emotional human-interest stories, and access to high-profile women who are redefining success in the 21st century. Perfect for segments on work-life balance, women's empowerment, and the modern motherhood revolution.

WHY THIS MATTERS NOW
