Amy Hu Sunderland, PM

Portfolio Managers Spencer Hackett and Amy Hu Sunderland, CFA®, reflected on the Fund's milestone: "As active managers, we have built our reputation by venturing off the beaten path to uncover unique small companies around the world. The micro-cap universe is vast and constantly evolving with new IPOs. Many of these businesses remain overlooked – especially as the investing world shifts toward passive strategies – creating rich opportunities for those willing to look deeper."

Robert Gardiner, Chairman & Co-Founder, and Guardian Portfolio Manager noted, "The Global Micro Cap Fund has been an essential component in our team-led research process. We turn over every stone to find high-quality, fast-growing companies and create a pipeline of names from our Micro Cap strategy to our Small- and Mid-cap strategies. Over the years, we've seen long-term winners from the Global Micro Cap Fund graduate into our other portfolios – an example of the depth of opportunity in this segment of the market."
