

Demeter's Pantry Expands Clean-Label Innovation to Foodservice Following High-Protein and Other CPG Trends

Demeter's Pantry bridges the gap by offering 100% clean-label foodservice options aligned with current CPG trends in high protein, high fiber, and bold flavors.

SILVER SPRING, MD, UNITED STATES, November 5, 2025 /EINPresswire.com/ -- Demeter's Pantry, a woman-owned business based in Maryland, has pioneered clean label prepared foods for foodservice since 2008, designed to provide a smart, healthy solution. The program offers a range of ready-to-heat-and-serve options featuring all-natural ingredients, specifically crafted to meet the demands of retailers and institutional cafeterias facing challenges in supporting increased demand for fresh, healthier prepared foods.

Demeter's Pantry brings Mediterranean and Latin-inspired clean-label meals to foodservice, featuring scratch-made recipes such as the Greek-Inspired Chicken Bowl with White Rice and Turkey Meatballs in Moroccan-Inspired Sauce with Couscous.

The company emphasizes its commitment to providing healthy solutions while delivering delicious flavors by cooking vegetables and proteins from scratch and making sauces in-house. The difference can be tasted in every bite.
