An increase in the need to build trust with users and ease in policy compliance drives the growth of the global consent management market. However, an increase in user bounce rate on websites hinders market growth. On the contrary, the surge in awareness regarding data privacy among users is expected to unlock new opportunities for the market players in the coming years.

The global consent management industry is segmented on the basis of component, application type, and deployment mode. Based on component, the market is bifurcated into software and services. Based on application type, the market is divided into mobile type and web type. By deployment mode, it is classified into on-premise and cloud. Region-wise, the market is analyzed across North America, Europe, Asia-Pacific, and LAMEA.

The global consent management market report includes an in-depth analysis of the prime market players such as OneTrust, LLC., Quantcast, Piwik PRO, TrustArc Inc., Cookiebot, IUBENDA, Trunomi, Crownpeak, BigID , and Civic.

Covid-19 Scenario:

□ The Covid-19 pandemic increased the demand for consent management due to a sudden surge in internet activity because of social distancing norms and the global adoption of work from home culture.

□ A rise in the number of cyber-attacks during the pandemic prompted several government agencies and policymakers to implement data privacy regulations and policies.
