

Ripple House by Sam Alawie Wins Silver in A' Architecture Awards

Sculptural Masterpiece Transforms Space into Living Artwork, Recognized by Prestigious A' Design Award

COMO, CO, ITALY, November 6, 2025 /EINPresswire.com/ -- The highly respected A' [Design Award](#) has announced Ripple House by [Sam Alawie](#) as a Silver winner in the [Architecture](#), Building and Structure Design category. This prestigious recognition highlights the exceptional design and innovation of Ripple House within the architecture industry. The A' Design Award is one of the world's most renowned awards, celebrating outstanding achievements in architecture and design.

Ripple House's recognition by the A' Architecture Awards holds significant relevance for the industry and potential clients. The design showcases innovative solutions to common challenges in attached dwellings, such as limited natural light. By setting new standards for resilient coastal design and demonstrating the harmonious integration of architecture, light, and nature, Ripple House serves as an inspiration for architects and homeowners alike.

The sculptural masterpiece of Ripple House transforms space into an ever-evolving experience. The custom-designed screen by architect Sam Alawie casts dynamic light art, mimicking the fluid dance of water droplets as sunlight shifts throughout the day. Shadows ripple across surfaces, creating an interplay of movement and stillness. A central double-height void floods the home with natural light, fostering openness and connection between levels.

This Silver A' Architecture Award win signifies a milestone for Sam Alawie and the Ripple House project. It serves as a testament to their commitment to pushing the boundaries of architectural

Ripple House

design while prioritizing functionality and user experience. The recognition is expected to inspire future projects that embrace the poetic fusion of architecture, light, and nature, ultimately contributing to the advancement of the field.

Ripple House was designed by Sam Alawie, a registered architect with over 10 years of experience in the field. Sam Alawie's client-centric approach and ability to blend contemporary design with practical functionality were instrumental in bringing the vision of Ripple House to life.

About Sam Alawie

Sam Alawie is a registered architect with over 10 years of experience in the field. With a rich portfolio of diverse projects, Sam has consistently demonstrated a commitment to excellence and innovation in architectural design. Each project reflects his dedication to creating functional, sustainable, and aesthetically pleasing environments. Sam's approach is client-centric, focusing on understanding the unique needs and aspirations of each client to deliver tailored solutions that exceed expectations. His ability to blend contemporary design with practical functionality has earned him a reputation for delivering projects that are both visionary and grounded in reality.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that embody excellence and innovation. This award acknowledges creations that are not only aesthetically pleasing but also highly functional, reflecting the designer's deep understanding and skill. Silver A' Design Award recipients are recognized for their contribution to raising industry standards and advancing the practice of design. The rigorous selection process involves blind peer review by an expert jury panel, evaluating entries based on criteria such as innovative use of space, structural integrity, aesthetic appeal, environmental impact, and user comfort.

About A' Design Award

The A' Design Award is an international, juried design competition organized across all industries since 2008. Now in its 17th year, the award welcomes entries from all countries, aiming to recognize and promote superior products and projects that advance and benefit society. Through a rigorous blind peer-review process by an expert jury panel, the A' Design Award celebrates remarkable achievements, showcasing pioneering designs on a global stage. By recognizing and honoring these innovative minds, the award drives forward the cycle of inspiration and advancement, ultimately contributing to creating a better world through the power of good design.
